

ENVIRONMENTAL POLICY

Simply The Best Training Consultancy Ltd offers a wide portfolio of innovative training services and business consultancy. Simply The Best Training Consultancy Ltd has in-house land based training (Lantra Awards) instructors, delivering Health and Safety, Environment and Conservation, Dry Stone Walling, Fencing and other agricultural related courses. Simply The Best Training is also involved with Personal Development Training, Basic Skills Development, Employability, Career and Job Search Initiatives.

Simply The Best Training Consultancy Ltd ensure that all employees are made aware of environmental issues including, the production of green house gas emissions as a result of the generation of electricity.

WE ENDEAVOUR TO REDUCE OUR IMPACTS ON THE ENVIRONMENT THROUGH ENERGY SAVING INITIATIVES AND ARE COMMITTED TO:

- Informing and training our employees to take account of environmental issues in all areas of their work and assist them with their environmental responsibilities, and improve their ability to assist the company to achieve continual environmental improvement.
- Complying with and where possible exceed relevant environmental legislation requirements in all aspects of the company's activities.
- Preventing pollution through mitigation as well as setting objectives and targets on key environmental impact i.e. waste, energy consumption, raw material use and transport.
- Encouraging our customers and suppliers to subscribe to our environmental principles.
- Reviewing our environmental policy annually and if necessary update it to take account of any new developments.
